Traffic Engineering Workshop
&
Transportation Planning Forum

April 20, 2016

ITE Wisconsin is hosting our annual spring conference featuring the Transportation Planning Forum and the Traffic Engineering Workshop on April 20, 2016 at the Country Springs in Pewaukee. The event organizers are looking for speakers in both sessions, and you are invited to submit a notice of interest on topics such as:

- | | | |
|-----------------------------|-----------------------------|-------------------------------|
| ➤ Intersection Improvements | ➤ Access Management | ➤ Smart Growth |
| ➤ Traffic Signal Systems | ➤ Special Events | ➤ Public Involvement |
| ➤ Transit | ➤ Pedestrians and Bicycles | ➤ Transportation and Land Use |
| ➤ Complete Streets | ➤ Roundabouts | ➤ Safety |
| ➤ Corridor Studies | ➤ Unconventional Designs | ➤ Traffic Impact Studies |
| ➤ Long Range Plans | ➤ Travel Demand Forecasting | ➤ Funding Strategies |
| ➤ New Technology | ➤ Environmental Quality | ➤ Low Cost Improvements |

All areas within traffic engineering and transportation planning will be considered. We encourage topics involving innovative practices, public/private partnerships, lessons learned, new research, and policy issues.

Please contact Laura Zavadil at laura.zavadil@rasmithnational.com with a notice of interest for presentation suggestions. Full abstracts are not required, but please provide a 2-3 sentence description on your topic. Presenters do not need to be ITE members – please forward to your peers and co-workers.

PLEASE RESPOND BY NOVEMBER 13, 2015
