GUEST SPEAKER
Dr. Rick Grandinetti is the featured speaker. He evokes passion and reform within organizations in order to produce a culture of excellence.

During lunch, learn how to take conscious control of your time and energy, discover how to improve relationships to increase their engagement on you and your organization, and learn tips to better prioritize all areas of your life.

Continue your experience after lunch and learn how to deal with difficult coworkers, communicate for improved results, and lead your team for increased productivity.

OBJECTIVE
Transportation problems are found in urban, suburban and rural areas. The Traffic Engineering Workshop and Transportation Planning Forum are designed to solicit discussions and generate solutions to your transportation problems.

WORKSHOP METHOD
Traffic engineering and transportation planning experts will present case studies, new technologies, current issues and proven approaches. Bring your questions and real-world issues to discuss with our presenters and your peers. This one-day event is designed to share solutions.
