About ITE (black text shows the current language)

The Institute of Transportation Engineers is an international professional society of transportation professionals who are responsible for meeting mobility and safety needs. ITE international has over 15,000 members in 90 countries and is headquartered in Washington, D.C. ITE members are employees of government agencies, regional planning offices, consulting firms, educational institutions, product manufacturers, university students and other transportation related disciplines. (Link to ite.org)

Since 1930, ITE has been providing transportation professionals with programs and resources for increased knowledge and advancement, including:

- Professional development seminars
- Technical reports
- Monthly journals
- Local, regional, and international conferences
- Publication of technical manuals
- Exchange of opinions, ideas, techniques, and research.

The Wisconsin Section has approximately 300 members comprised of engineers, planners, technicians, administrators, students and product and service vendors. ITE Wisconsin is affiliated with the ITE International. The purpose of ITE Wisconsin shall be to enable transportation and traffic professionals in Wisconsin the ability to contribute towards:

- The exchange of professional information
- The support and encouragement of education
- The stimulation of research
- The development of public awareness
- The maintenance of a centralized point of action

The Wisconsin Section provides many opportunities for transportation professionals to come together, learn more about the profession and participate in social activities. New members are always welcome! (Link to join ITE Wisconsin page)
Join ITE

Join ITE International
As a member of ITE, you join a dynamic, interactive group of more than 15,000 transportation professionals spanning more than 90 countries dedicated to solving today's transportation challenges. ITE membership is an invaluable resource for your career in transportation. ITE's industry resources, professional development, networking, and leadership opportunities will advance your skill set and help you build your future in transportation. More information on the benefits of International Membership can be found here (http://www.ite.org/membership/index.asp)

You can join as an International Member of ITE through the International office in Washington, D.C. Current young members (ages 23-30) receive all ITE Individual Member benefits at a reduced rate (http://www.ite.org/membership/youngmember.asp). If you join as an International Member, you are automatically added as a member of your local section and part of your International Dues will go to the Wisconsin Section. (Link to ITE International membership application)

Join ITE Wisconsin Section
Affiliate membership in the Wisconsin Section is a less expensive option for those who wish to be a part of the local chapter without having International ITE rights or privileges. Dues are $25 for a calendar year. The Wisconsin Section application can be viewed and submitted online. (Link to affiliate membership application)

The Wisconsin Section offers many opportunities for career advancement, including:

- Networking with over 300 transportation professionals from across Wisconsin through monthly Section meetings with stimulating technical presentations, and fun networking social activities.
- Opportunity to attend the annual spring ITE Traffic Engineering Workshop and Transportation Planning Forum at a reduced rate. This is one of the best one-day conferences in Wisconsin, with a multitude of ground breaking and informative presentations on transportation related topics.
- Subscription to the quarterly ITE Wisconsin Newsletters and ITE Wisconsin Section email blasts, that help you stay current on exciting projects, relevant news, and upcoming ITE activities.
- Connecting and getting involved in a number of committees, including guiding college and younger students' interest in transportation, participating in technical user groups, and organizing speakers and topics for the Section meetings.
