- Education (post high school)
- Professional registrations
- Professional background (responsibilities, major projects, etc.)
- Publications, presentations and awards
- Professional society memberships and participation
- Community involvement

Essay Question -- All applicants must answer the following essay question in 400 to 600 words:

Over the past several years transportation needs have increased while revenues in many states have decreased. As a result, transportation agencies are shifting their emphasis toward maintenance and lower-cost improvements to stretch limited funding. This shift is not only changing the way we do business but also the skills required to do the work. At the same time, emerging technologies like autonomous vehicles and shared-mobility promise to drastically improve our ability to move people and goods more safely and efficiently but the timeline for implementation of those technologies is unclear. What skills do you think will be most important for the next generation of transportation engineers?

Submittal
Please email your entry to Brian Porter at brian.porter@dot.wi.gov by Monday, November 19th, 2018.
Questions can be directed to Brian via email or at (608) 267-0452.
