Phone Number: __________________________ Email: __________________________
Street Address: __________________________
City: __________________________ State: __________ Zip code: __________

Biographical Information
Please use additional sheets of paper as necessary to provide the following biographical information:

- Education (post high school)
- Professional registrations
- Professional background (responsibilities, major projects, etc.)
- Publications, presentations and awards
- Professional society memberships and participation
- Community involvement

Essay Question -- All applicants must answer the following essay question in 400 to 600 words:

In recent years, many micromobility solutions emerged in cities all over the world. These are modes of transportation that utilize light vehicles less than 500 kg, such as dockless bikes, docked bikes, electric scooters and electric skateboards. Micromobility is typically implemented in congested urban areas as shared mobility services. Some members of the public are enthusiastic about the potential benefits such as a solution to our first-mile last-mile problem; while others are concerned about their potential negative impacts such as safety and conflicts with pedestrians. How do you think micromobility will impact our transportation system? How should communities best react to, manage or utilize the emerging modes of transportation?

Submittal
Please email your entry to Yang Tao at ytao@cityofmadison.com by Monday, November 25th, 2019.
